

## Isis Chromebook Charging Trolley & Cupboard

### Isis Chromebook Charging Trolley

Provides charging and secured storage for 16 or 32 Chromebooks, Ultrabooks and tablets (up to 13.3" screen size—see shelf dimensions). Horizontal device storage for easy access, with only a short length of power lead presented to each shelf.

Separate electrical compartment for power adapters and leads, covered by a removable metal panel accessed from the front of the trolley. Soft start power management module as standard to prevent fuse and circuit breaker issues on start up. Large lockable castors & lockable doors which fold back 270 degrees preventing damage & providing easy access. Compact (less than 1m high), simple & unobtrusive design.

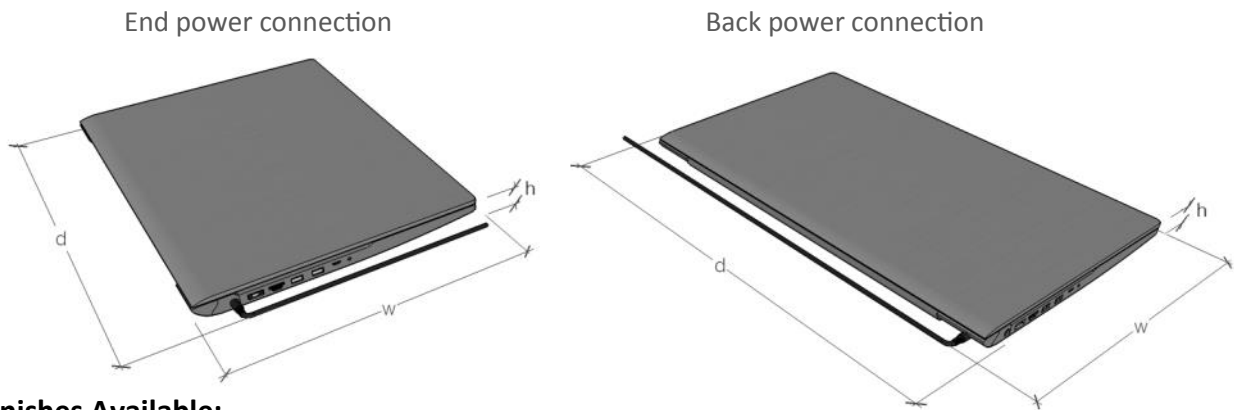

CHRG-T-CB-32	Mobile storage and charging trolley for 32 Chromebooks and Ultrabooks, with power management	95h x 102w x 52d (cm)

CHRG-C-CB-16	Static storage and charging cupboard for 16 Chromebooks and Ultrabooks, with power management	86h x 49w x 52d (cm)

# Isis Chromebook Charging Trolley & Cupboard

## Shelf dimensions:

The device shelf size (mm) is 400d x 235w x 42h. This is sufficient for chromebooks and ultra-books up to 13.3" screen sizes, including the Samsung Series 3 Chromebook, the Toshiba 13.3" Chromebook and MacBook 13". The trolley is also suitable for netbooks and tablets with laptop power adapters and 10" to 13.3" screens. These dimensions also need to accommodate the power lead connector plugged into the laptop. Please check this carefully, especially if the power connector is on the back edge of the laptop. If in doubt, then please give us a call.

## Finishes Available:

White
