Width	Min.17 cm - max.44 cm
Weight	415 gr
Material	Aluminum and foam
Color	Aluminum with black foam
Content	2x key and 1x 4,5 cm screw and nuts to secure the bracket to the surface

PRODUCT DESCRIPTION

The Sediso Aluminum Laptop Saver protects all laptops between 17 cm and 44 cm wide and a maximum thickness of the screen of 2,5 cm against theft. The ideal solution to prevent theft of laptops in public places like shops, shows, events, offices and hospitals. It is impossible to remove the laptop without destroying the screen which will make the laptop useless to thieves.

The product is delivered with 2 keys and a screw with nuts to secure it to the environment. In the footplates screw holes are available to secure it to the surface with screws. The holes are placed in such a manner that they are not reachable when a laptop is placed inside the brackets. Foam patches protect the laptop from scratches.

Optionally a Kensington Security Adapter Disk (K64995WW) and a Kensington Micro Saver (64020) cable are available to secure the bracket with a cable.
