

NoteCart Flex 24

NoteCart Flex 24 is a mobile storage and charging solution for 24 devices.

NoteCart Flex is a mobile compact cabinet for storing and charging laptops, Chromebooks, tablets, iPads and similar devices. The 4 wheels on the NoteCart Flex series have been carefully selected to complement the rest of the design so that NoteCart rolls easily, regardless of weight of the many devices and the type of floor under the mobile cabinet.

During operation, all electronics are stored in the locked space behind the cabinet so that only the person in charge of IT has access to them. A secure cable management system ensures that the cables stay in the cabinet once they have been installed.

NoteCart Flex 24

SOLUTIONS

- Designed for storing, charging and transporting up to 24 laptops (14"), Chromebooks, tablets, iPads or similar devices.
- The cabinet is sturdy and easy to transport on its rubber wheels, which have been thoroughly tested.
- Strong handles on the sides make it easy to push and move the cabinet.
- The cabinet has a cable system which ensures that the cables do not disappear and that they are stored clutter-free.
- The locks on the front and rear doors mean that devices are stored safely.

DEVICES

Laptops (14"), Chromebooks, tablets, iPads and similar devices

See compartment dimensions on page 3.

ACCESSORIES

NoteSecure

Item no. NC-O-SECURE

Mechanical combination lock

Item no. NC-O-CODE-MAN
