

## NoteCart Flex 32

### NoteCart Flex 32 is a mobile storage and charging solution for 32 devices.

NoteCart Flex is a mobile compact cabinet for storing and charging laptops, Chromebooks, tablets, iPads and similar devices. The 4 wheels on the NoteCart Flex series have been carefully selected to complement the rest of the design so that NoteCart rolls easily, regardless of weight of the many devices and the type of floor under the mobile cabinet.

During operation, all electronics are stored in the locked space behind the cabinet so that only the person in charge of IT has access to them. A secure cable management system ensures that the cables stay in the cabinet once they have been installed.

## NoteCart Flex 32

### SOLUTIONS

- Designed for storing, charging and transporting up to 32 laptops (14"), Chromebooks, tablets, iPads or similar devices.
- The cabinet is sturdy and easy to transport on its rubber wheels, which have been thoroughly tested.
- Strong handles on the sides make it easy to push and move the cabinet.
- The cabinet has a cable system which ensures that the cables do not disappear and that they are stored clutter-free.
- The locks on the front and rear doors mean that devices are stored safely.

### DEVICES

Laptops (14"), Chromebooks, tablets, iPads and similar devices.

See compartment dimensions on page 3.
