NoteCart Tablet 30

NoteCart Tablet 30 is a small mobile storage and charging solution for 30 tablets

NoteCart Tablet 30 is a small mobile compact and light 30 kg cabinet for storing and charging iPads and tablets. The 4 wheels on the NoteCart Tablet 30 have been carefully selected to complement the rest of the robust design so that the NoteCart rolls easily, regardless of weight of the many devices and the type of floor under the mobile cabinet.

During operation, all chargers are stored and locked at the back of the cabinet so that only the person in charge of IT has access to them. A secure cable management system ensures that the cables always stay in the cabinet once they have been installed.

The NoteCart Tablet 30 is the perfectly designed mobile charging cart securing tablets to be charged and stored in a safe and easy way leaving them ready for efficient daily teaching in modern schools.

NoteCart Tablet 30 Solutions

The NoteCart Tablet 30 is designed to store 30 pcs of 11" iPads or tablets horizontally in a way where devices are easily placed on individually shelves and easily connected to charging cables.

The NoteCart Tablet 30 is designed to be easy to move around with special rubber wheels which are selected after many and long attempts at all kinds of floors. The wheels are provided with ball bearings leading to absolute minimum friction and two of the four wheels are provided with a powerful brake.

The NoteCart Tablet 30 is designed with a 3-point key locking system on the front door, which is locking at the top, the bottom and in the center of the front door. An additional and different type key lock on the rear door means that both devices and chargers are stored safely.

The NoteCart Tablet 30 is designed with 30 USB-A charging ports and active fan ventilation in its standard configuration. This configuration can be modified to include either 30 USB-A charging and synchronization ports or 30 USB-C charging ports.

The NoteCart Tablet 30 holds a weight of 30 kg and is designed with an ergonomically developed handle and front doors which open 270 degrees.

DEVICES

iPads, tablets (11")

ACCESSORIES

Timer

Item No.: NC-O-TIMER2

Thermostat

Item No.: NC-O-THERMO

NoteSecure - locking the cart to the wall

Item No.: NC-O-SEC-TAB
