

AVer C20i

20 Device Intelligent Charging Solution
for Tablets, Laptops, and Chromebooks

“

AVer has great products for education. ... The AVer cart features, availability and price-point met our needs. ... The external frame is well built and great for transporting the carts across campus.

- Carver Elementary School, San Marino Unified School District - Jason Power, Computer Lab Coordinator ”

Intelligent Charging

Easy Cable Management

Fit Any Sized Device

Solid & Secure & Sleek

Unbeatable Warranty

Perfect Size

The C20i's 20-bay capacity is perfect for small to medium-sized classes, especially in K-12 schools. With the C20i, student devices will be ready for use at a moment's notice.

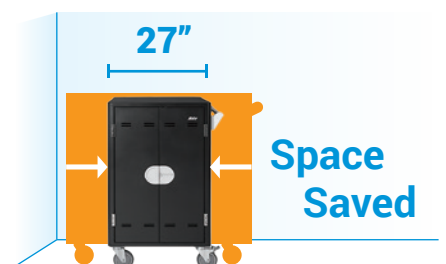

Compact & Solid Design

The C20i's compact design reduces its footprint and frees up space in the classroom. It also boasts a sturdy steel exterior that will deter even the most determined thieves.

JOYFUL LEARNING

HAPPY GROWING

Full-Time Charging

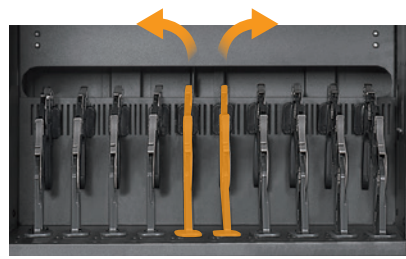

Customizable Shelves

No More Messy Cables

AVer's advanced intelligent charging technology features 2-zone circuit protection, ensuring all devices are charged evenly and safely.

Versatile dividers allow you to manage devices more easily than ever before. Freely adjust them according to your class's various tablet and laptop sizes.

No need to worry about tangles of cables in the back of the cart. Simply clip each cord in place for simple cable management.
